FEDERAL COMMUNICATIONS COMMISSION
Washington, DC 20554

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

In re Application of)

DAVID A. RINGER)

File No. BPH-9112300A

For Construction Permit)

for new FM station)

Channel 280A, Westerville, Ohio)

To: Mass Media Bureau

INFORMAL OBJECTION

WITF, Inc., licensee of FM Station WITF Tiffin, Ohio, ("WITF") by its attorney hereby informally objects to the above-referenced application of David A. Ringer ("Ringer").

WITF operates on Channel 279B, the first adjacent channel to the facilities proposed by Ringer. It has standing to make this objection on the basis that Ringer's proposed facilities will short-space WITF's protected signal contour by approximately 6.84 km, thus limiting WITF's future ability to change its transmitter site.

As shown by the Commission's files, there are at least two applicants for Channel 280A Westerville, Ohio, proposing facilities which are fully-spaced to WITF: Westerville Broadcasting Company, Limited Partnership, (File No. BPH-911231MB) and Ohio Radio Associates, Inc., (File No. BPH-911231MC). WITF is aware that Ohio Radio Associates, Inc., has petitioned to deny Ringer's application.

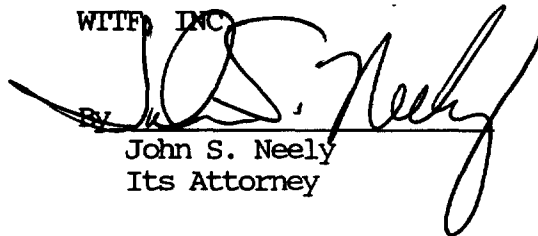

WITF objects to the Commission accepting Ringer's application which is short-spaced to WITF's facilities when there are applicants which have located and are proposing fully-spaced sites. Ringer has made no public interest showing to support his short-spacing request.

As grant of Ringer's application may limit WTTF's ability to relocate its tower site or modify its facilities, WTTF does not desire to be short-spaced to Ringer's proposed station.

Accordingly, Ringer's application is not in the public interest and should be dismissed.

Respectfully submitted,

WTTF, INC.
